To David Singer:

I wish to express my opinion about the opinion given by some citizens that the number of Councilors should be reduced to just the Councilors voted in by the residents of each Precinct. Please do not make that change. I am of the opinion that we should have more voices, not fewer voices. There used to be a Town Meeting where more voices were expressed. Now...if you reduce the number of Councilors, there will a reduction in diversity of opinions, talent, expertise, involvement, etc. I am not someone who wants decisions for the future of Greenfield made by 11 people. I do hope you will not decide to drop the At-Large Councilors. I think it would be a bad move ....

Thank you for reading this.  
Sincerely,
